Dear Parent/Guardian of a rising 6th Grader,

Virginia requires all students to receive the Tdap immunization prior to entering 6th grade. Students will not be admitted to 6th grade unless the school has received documentation that this immunization has been given. Since many students will have their annual well visit in the coming months, we want you to be aware of this requirement in advance.

You will receive additional reminders about the need for Tdap immunization throughout the remainder of the school year. We ask for both your compliance and your patience in this matter. If you have any questions, please contact me at (434) 946-9342.

Sincerely,

Marie Petrone
Supervisor of Accountability & Student Health
